SUMMARY

Results-driven, adaptable Software Engineer and Computer Science student **4.0 GPA** specializing in **full-stack development** and **frontend architecture** using **TypeScript, Next.js, and Python**. A fast learner with a proven track record of **leading engineering teams** to build scalable, AI-integrated **SaaS** applications, optimizing database performance, and executing complex API integrations. Collaborative technical leader equipped with hands-on **Agile experience** and a strong focus on delivering seamless, high-performance enterprise solutions. Looking for entry-level software engineering to further improve my technical skills and make a real-world impact.

EDUCATION

Illinois Institute of Technology

B.S in Computer Science (GPA 4.0/4.0)

Chicago, Illinois

December 2027

EXPERIENCE

Software Engineering Intern | Starplot

Nov 2025 - Jan 2026

- Developed scalable frontend features for an AI-driven Partner Operating System resulting in **36% faster load times**, by coding modular components using **Next.js and TypeScript**.
- Improved backend data accessibility for end users, reducing data **retrieval latency by 45%** by seamlessly integrating **RESTful APIs** into responsive user interfaces.
- Elevated code quality and consistency across a **5-person** engineering team, **decreasing post-release bugs by 23%**, by actively participating in Agile sprints and conducting rigorous peer code reviews.

Web Developer | ACM Illinois Tech | acmillinoistech.org

Jan 2026 - Present

- Maintaining a **7+ page** organizational website, serving **450+ average monthly visitors**, by developing responsive user interfaces with **Next.js** and **Tailwind CSS** and managing **CI/CD** through **Vercel**.

Software Engineering Fellow / Team Leader | Headstarter AI

Jul 2024 - Sep 2024

- Built 5+ full-stack AI application prototypes, **collecting 200+ users** on waitlist, by leveraging **React, Next.js**, and the **OpenAI API**.
- Led a team of 3 software engineering fellows to successfully deliver **5 MVPs within 5 weeks**, by delegating tasks, mentoring teammates, and coordinating end-to-end project execution.

Teaching Assistant | Illinois Institute of Technology

Aug 2026 - Present

- Mentored a cohort of **21 students** in **Data Structures & Algorithms** and applying complex algorithmic approaches and problem-solving strategies, resulting in an average lab **grade of 84%/100%**, by leading structured weekly lab sessions and clarifying core requirements.
- Improved student comprehension of Data Structures & Algorithms concepts, assisting an average of **8+ students per week**, by hosting dedicated office hours to guide students through targeted debugging and implementation challenges.

PROJECTS

SyncUp | Full-Stack Networking Platform | <https://github.com/Fullooh/Headstarter-Final-Project>

Sep 2024

- Launched a full-stack coworker networking platform that secured **800+ waitlist signups**, by implementing scalable user-matching features and optimizing backend Firebase queries.

Flashcards SaaS | AI-Powered Learning Platform | https://github.com/YslamI/flashcards_saas

Aug 2024

- Built an AI-powered **SaaS** application that generates custom flashcards, **processing 5000+ words** per session, by integrating the OpenAI API and implementing Stripe for secure payment processing.
- Delivered fast, seamless load times across concurrent user sessions, **reducing page latency by 20%**, by optimizing data retrieval and state management using Next.js and Material UI.

LEADERSHIP AND ACTIVITIES

President | Code Club - University of South Dakota

Sep 2024 - May 2025

- Directed weekly coding workshops for **25+ students**, increasing consistent member **attendance by 15%**, by teaching complex Data Structures & Algorithms concepts and analyzing algorithmic trade-offs.

SKILLS

- Programming Languages:** Python, JavaScript, TypeScript, PHP, SQL, HTML, CSS
- Frameworks and Tools:** React.js, Next.js, Tailwind CSS, Material UI
- Databases & Tools:** MySQL, Firebase, GitHub, OpenAI API, Vercel
- Languages:** English, Russian, Turkish, Turkmen, Chinese
